

Product ID:
RGA2

Product Name:
Fall Arrest Block - 10m

The RGA2 is a multi purpose fall arrest block, which allows uninhibited movement during normal working activity.

The carrying handle is part of the cast alloy housing and can be connected to the anchorage point using soft slings or a connector. For self-connecting to the block, it is recommended that the operative uses an extension strop (RGL4) in order to ease the task. The RGA2 is supplied with galvanised wire cable.

Accredited to:

EN 362: 2002

Line material:

5mm galvanised wire cable

Case material:

Alloy

Connector:

Double action high tensile steel alloy

Weight:

6.5kg

Max. user weight:

140kg

Max. force:

<6kN

Features:

Built in fall indicator
