

RGH13

SUMMIT HARNESS RGH13

Our V-shaped Summit adventure harness comes with two points of connection.

This collection of harnesses are colour coded for easy and fast size allocation. The step in design and different coloured right leg loop simplifies donning. The easy slide buckles make adjustability easy meaning resizing the harness is effortless and fast.

The ventral attachment point allows for sit suspension ideal for ziplining activities. The inclusion of a back attachment point make it possible to be used for more activities.

- / Ventral & rear attachment point
- / Colour coded webbing
