

RGK11SL

55MM ALUMINIUM SUPER LIGHT DOUBLE ACTION SCAFFOLD HOOK WITH CAPTIVE EYE RGK11SL

The RGK11 Super Light karabiner is the perfect connector for fall arrest lanyards as it is lightweight, easy to use and allows the user to quickly clip themselves onto scaffold or steel structures. It is very similar to the RGK11 but this version is considerably lighter (almost half the weight).

The double action snap closure on this device means that it cannot be accidentally opened but allows a quick and safe operation.

EN 362:2004

Material:	Aluminium
Plating:	Anodised
