

RGK44

22MM ALUMINIUM TRIPLE ACTION SWIVEL HOOK AND CAPTIVE EYE RGK44

The RGK44 is an aluminium karabiner similar to the RGK4, but has the added feature of a triple action closure.

It is lightweight and has the benefit of a captive eye for permanent attachment to the lanyard. It also incorporates a swivel function which eliminates twisting - particularly when fitted to self-retracting lanyards. Complete with fall indicator.
